REVIEW OF THE ADMINISTRATION REPORT

OF THE

Sirohi State.

FOR THE YEAR 1914—15 A. D.

I have duly gone through the report of the Administration of the Sirohi State for the year ending 31st October 1915, placed before me by the Musahib Ala.

It is satisfactory to remark that the upward tendency of the income of the State noticed in the previous reports steadily continues. It is not confined to one or two heads only but the productive departments mostly have shown its salutary expansion viz. Land Revenue, Customs, Excise, and Forest. The increase in the year under review is nearly 16 per cent over the income of the previous year which in itself was far ahead of its predecessor.

Notwithstanding the dislocation of trade on account of the calamitous European Great War which unfortunately still continues and the scanty rainfall during the latter part of the year, the customs revenue has shown quite healthy progress, though prices have ruled much high.

The disgraceful attitude of some of the Jagirdars is still an eye sore. The attitude of Thakur of Rohua and the Jagirdars of Varman, Raipur, Magriwada, Positra, Harni and Jirawal was highly reprehensible throughout.

The State had to expend nearly three lacs of Rupees on the Settlement Operations and it is no small credit to Musahib Ala to testify the fact that the whole extraordinary expenditure of these operations was borne by the State from current budgets while in similar circumstances some other States have incurred debts or borrowed loans.

The disbursements of the year too show an increase in proportion to the income but this is caused by the necessity of providing a large armed force to counteract the menacing attitude of the Jagirdars and also by provision for Settlement Operations and it should also be noticed that the prices of necessary commodities have much advanced and it must tell upon the ordinary expenses. In spite of all this the State has not failed to take its share towards contribution of funds towards the alleviation of the miseries and the comforts of the soldiers who are so nobly sacrificing their lives on the Battle Field, and other donations.

My warmest thanks are due to the Hon'ble Sir Elliot Colvin, K. C. S. I., and Colonel C. J. Windham. C. I. E. for their kind and sincere advice and support in all matters on which they were approached, especially in the matter of Jagirdars and settlement work.

I am also much pleased at the work done so unsparingly and assiduously by Maharaj Kumar Shri Sarup Ram Singhji as Musahib Ala.

1. The Sirohi State as has already been described, lies between 24′–21″ and 25′–17″ North Latitude, and 72′–10″ and 73′–10″ East Longitude, with an approximate area of 1,964 Sq. Miles. It is bounded on the North-East, North and West by Marwar; on the East by Mewar, Idar and Danta; and on the South and South-West by Palanpore.

Deaths and succession among Jagirdas closely related to the Ruling Family of Sirohi.

23. During the period under report several deaths occurred among the members of the Ruling Family of Sirohi. :—

1. Raj Sahiban Zorawar Singhji of Ajari, Cousin of His Highness died at Ajari on the 6th January 1915. Raj Saheban Amar Singhji, his only son, succeeded him.
2. Kunwaraniji Shri Rathorji Sahiba the sister of His Highness the Maharajah of Rutlam died at Sirohi on 1st March 1915 after a prolonged illness. Her untimely and lamentable death was greatly mourned by all.

His Jagir therefore reverted to the State according to the usual custom of the State. He leaves behind him a widow and two unmarried daughters for whose maintenance necessary provision has been made.
4. Raj Shree Sheonath Singhji of Mandar (elder branch) died on the 16th of May without leaving any male issue, and his Jagir reverted

to the State according to the usual custom for Jagirs given to near relatives for maintenance only. But the deceased left behind him a daughter, two widows and a mother and as the State had to provide for their maintenance and the marriage of the daughter, the Darbar were graciously pleased to reassign a portion of his Jagir to one Bhopal Singhji a near relative of the deceased and he was made responsible to provide for their maintenance etc.

Chapter II.

Settlement Operations.

24. The original Programme of operations for Sirohi Settlement was to complete the Survey of the State and to prepare an attested record of rights. This programme as also that of Tonk State Settlement having been completed, Mr. M. Keane I. C. S. the Settlement Officer Tonk and Sirohi States reverted to the British service by the beginning of January 1915. But as he was entitled to 3 months privilege leave from both the States, he availed himself of it and left for England about the end of December 1914, on three months privilege leave combined with a year's leave on private affairs.

25. As the Survey and Attestation work has been completed, the Hon'ble the Agent to the Governor General considered it advisable to bring the outstanding work to a conclusion as soon as possible and Mr. Keane came to Sirohi by the end of November to put matters in train to close proceedings accordingly.

26. The work that remained to be completed during the year under report, was the preparation and fairing of the Settlement records of the Tehsils of Rohira, Pindwara, Posaliya, Sirohi, Abu, Barloot, Kalandri, Pamera and Mandar. Mr. Khemchand Singhi M. A. the Assistant Settlement Officer, who belongs to the State, was incharge of the closing stages of the operations and looked to the fairing of the records. Two fair copies of the Settlement Misals were prepared for all these Tehsils. The decisions in many boundary cases caused the revision of all connected Misals which had been prepared and arranged before the announcement of the decisions. Such Misals consequently had to be revised, and the traces and sheets renumbered and corrected and the necessary changes made in the records.

27. The Settlement Office at Abu Road was closed by the end of the year under report and all the staff that was temporarily engaged was brought under reduction; the Settlement records having been consigned to the Record-room at Sirohi.

Jagirdars.

28. The defiant attitude of some of the Jagirdars of Mandar and Pamera Tehsils under the leadership of Thakurs of Nibaj, Rohua, Bhatana and Dabani has already been dealt with at some length in last year's report.

29. His Highness had an interview with the Hon'ble the Agent to the Governor General at Aburoad on the 11th November 1914 where His Highness explained the facts of the case clearly to him.

30. The Resident Western Rajputana States wrote to the Thakurs of Nibaj, Rohua, Bhatana and Dabani to present themselves before him at Jodhpur on the 25th November 1914, but they failed to do so and on the 2nd December the Thakur of Nibaj alone went to the Resident when the Secretary to Musahib Ala was also present. He was warned to disperse the unlawful assembly at Nibaj.

31. Some months before this, these Thakurs applied to the Political Officers for help in what they considered their grievances and the Hon'ble the Agent to the Governor General took all the trouble to come to Sirohi and make enquiries in February 1915. In the end, however, the Thakurs refused to come in and meet the Agent to the Governor General and wrote and said they preferred to settle their cases with the Darbar direct without the aid of the Political Officers. The Resident again warned the Thakurs of the terms of the treaties between the Government of India and the Sirohi State, reminding them that any Thakur committing offences or being guilty of disobedience is liable to have his lands confiscated. They were told distinctly that any Thakur who may defy the authorities and cause trouble and unrest in the country during this war would always be regarded in future by Government and the Darbar as having acted disloyally.

32. When so warned all the Thakurs expressed their willingness to come to Sirohi on the guarantee of the Thakurs of Sudasana, in Mahikantha, and of Ramsin and Visalpur under Marwar, with assurances for their safe return home. The Darbar were averse to giving such guarantees to these turblent Jagirdars but looking to the present peculiar circumstances, consequent upon the Great War raging in Europe, it was thought advisable to grant their request and call them to Sirohi. All the Thakurs on their arrival at Sirohi requested the Darbar to hear and decide the cases of Nibaj first. But as the other Thakurs refused to be reasonable in their demands, all went away without trying to get anything settled and their cases remained pending throughout the year under report. The Darbar had to make use of the best diplomacy in keeping them under control, and full precautions were taken against all attempts on the part of the Thakurs to create any disturbance or unrest in the country.

Chapter III.

Land Revenue.

33. The total estimated demand of Land Revenue of the whole State for the year under report was Rs. 2,85,948-3-6 including Rs. 3,473-15-6 on account of the arrears of the past year. The amount actually collected during the year was Rs. 2,76,664-10-5 leaving a balance of Rs. 9,283-9-1 as arrears at the end of the year.

34. The amount collected this year as compared with that during the past year shows an increase of Rs 29,837-0-3; this is due to sufficient and timely rainfall during Samvat 1971, which yielded normal crops.

35. The experimental Tobacco cultivation in the Santpur village yielded successful results and now, many of the outside cultivators who have taken up lands round Aburoad on cash rents, consider this crop to be a paying one, though it requires constant labour and an abundance of manure.

36. The dispute with Palanpore about the situation of certain pillars and that with Marwar at Amli and Thandi-veri, remained as reported last year, unsettled. It is hoped that these will attract the attention of the Political Authorities.

External Boundary.

Chapter IV.

Protection.

37. The mode of the administration of justice remained the same as resported last year. A list of the Laws in force in the State is given in Appendix II.

Legislation.

38. The Excise Law framed some years back worked satisfactorily.

39. The Registration Act worked well.

40. The total strength of the State Militia was increased during the year under report by 78 men, bringing up the total to 305 at the end of the year, against 227 last year. This increase was necessitated as reported last year on account of the turbulent and threatening attitude of the Jagirdars. The total cost of the Militia was Rs. 32,957—4—3 as compared with Rs. 18,388—9—0 last year. The increased expenditure is due to additional men recruited during the year for whom new uniforms etc had to be provided. The usual Statement is attached as Appendix III.

Army.

41. The Statement showing the total strength of the Police force with its cost is appended as Appendix IV.

Police.

42. The total strength of the Police during the year under report was 83 mounted, 694 foot, and 8 Officers; the total cost being Rs. 83,372—1—8 as compared with Rs. 57,750——97 during the past year. The increased expenditure is due to the reason that about 151 men who were dismissed or discharged during the year under report served for a greater part of the year, and that it was necessary to sanction a general increase in the grade pay of about 50 per cent of the force on account of the high prices that prevailed of all commodities of daily necessity.

43. As observed in last year's report, this increase in strength of the State Militia and Police was necessary because of the menacing and defiant attitude of some of the Jagirdars who were prepared for a breach of the peace and whom it was necessary to keep under proper control.

44. The working of the Police is given in Appendices V and VI. These will show that the total number of offences during the year rose from 959 in last year to 1058 during the year under report. The persons implicated and brought to trial were 1,836 against 1,550 last year. Of these 664 were arrested by Police, 105 were arrested upon warrant, 97 appeared on summons, 224 put in voluntary appearance, 541 were arrested in the presence of Magistrates, while 205 remained pending trial at the end of the past year.

45. Out of 1,836 persons brought to trial, 765 were convicted, 894 were acquited or discharged and 1 died during trial, leaving 176 persons awaiting trial at the end of the year.

46. The total value of property reported to be stolen was Rs. 49,014-9-0 against Rs. 71,731-1-0 last year. Out of this, property worth Rs. 18,495-9-9 was actually recovered against Rs. 20,684-7-0 in past year The amount of compensation awarded to complainants from the recovery of fines was Rs. 1,018-7-0; and for property valued at Rs. 9,323-11-0 claims were laid through the Panchayet Court and Prima Facie cases on the neighbouring States of Marwar and Palanpur. The amount of compensation awarded is not included in the total amount of the property recovered. In fairness, Rs. 1,018—7—0 the amount of compensation awarded, and Rs. 9,323-11-0 for which claims were laid on the inhabitants of the neighbouring States, should therefore be added to Rs. 18,495-9-9, the amount of the property actually recovered. This would bring the total to Rs. 28,837-11-9.

47. On the whole, looking to the special circumstances of the year under report and the difficulties under which the State laboured owing to unrest among Jagirdars, the working of the Police is not unsatisfactory.

48. No change was effected in the distribution of the Police Circle or in the number and powers of the various Courts.

Criminal Courts.

49. The Sessions Courts tried in all 16 Cases with 44 accused, of whom 33 were convicted, 8 acquitted and 3 remained pending trial at the end of the year.

50. The working of the Appellate Courts is given in Appendix IX attached to the report.

51. There were 10 appeals in the Judicial Officer's Court against the decisions of the several Tehsils, 1 of these was rejected, in 1 the decision was confirmed, in 3 modified and in 4 reversed; while 1 was sent back for further enquiry.

52. 15 appeals were filed in the Court of the Musahib Ala during the year under report, against the decisions of the Judicial Officer, which,

together with the 14 pending from the last year, brought the total to 29 Of these 2 were rejected, in 8 the decisions were confirmed, in 3 modified and in 5 reversed, leaving 11 appeals pending at the end of the year.

53. Of the 4 further appeals that were pending last year in the Mahakmah Khas, 2 were disposed of in the year under report.

Civil Justice.

54. At the end of the last year, there were in all 2,489 suits pending trial in the several Courts and 2,781 new suits were filed of the total value of Rs. 3,92,299-15-0 making a total of 5,270 suits, as compared with 5,101 suits of the total value of Rs. 4,98,237 last year. Out of these 2,535 suits of the total value of Rs. 2,56,157 13-3 were disposed of during the year under report leaving a balance of 2,735 suits.

55. As reported last year, the final date of instituting old suits under the Limitation Act of this State was to expire on 31st December 1914, the people flocked in to take advantage of the last opportunity offered to them and therefore an unusually large number of suits were filed during the first two months of the year under report.

56. It will appear from Appendix X that the work disposed of by the Civil Courts was satisfactory.

57. In the Munsiff's Court there were 13 appeals pending from last year and 49 new appeals were filed during the year, making a total of 62. Of these 38 were decided, leaving 24 pending at the close of the year.

58. In the Court of the Musahib Ala 20 appeals were pending from last year and 39 new appeals were filed during the year, making a total of 59. Of these 39 were disposed of, leaving a balance of 20 pending decision at the end of the year.

59. The usual statements of the original suits and appeals are attached as Appendices XI and XII.

60. There were in all 94 applications for execution of Decree pending at the end of the last year, 186 new applications were filed during the year, bringing the total to 280, of the total value of Rs. 29,206—12—0. Of these 160 of the total value of Rs. 11,436—13—0 were disposed of, leaving a balance of 120 pending at the end of the year. The usual statement is attached as Appendix XI.

61. 4 accused were surrendered by Sirohi to Marwar and 4 to Palanpur during the year under report, but none was surrendered to Sirohi by either of the States though several requisitions were made for surrender of the accused in cases which have been pending trial in the Sirohi Courts from a long time. The Darbbar regret none of these States have shown that spirit of co-operation and friendliness which should mark the relations of neighbou-

ring States in their dealings in matters of extradition by observing reciprocity in such cases. They have on the other hand, been finding excuses to put off the extradition of criminals from time to time.

62. 1 accused was surrendered to the British Government during the year under report.

63. The Sirohi Marwar Joint Court held its sittings in the month of April at Pomawa with the following result :—

States.	Pending from last year.	No. of Cases	Dismissed	Decree awarded	Balance
Sirohi... ...	1	7	3	5	Nil.
Marwar ...	1	2	1	2	Nil.
Total	2	9	4	7	0

64. No Border Court was held during the year under report

65. There is a Central Jail at the Capital, while there are lock-ups at the several Tahsil head-quarters where prisoners sentenced to short periods are confined.

Jail.

66. Appendix XIII shows that on the 1st November 1914 there were in the Central Jail at Sirohi 78 prisoners, while 122 more were admitted during the year under report, making a total of 200. Of these 1 died a natural death, 108 were released on the expiry of the terms of their sentences, leaving a balance of 91 at the end of the year.

67. The total expenditure on the maintenance of the prisoners in the Jail, including the cost of the establishment, amounted to Rs. 5120-1-3 against 4530-5-6 last year.

68. The total cost of the several lockups in the Tehsils was Rs. 188-12-0 for the maintenance of the prisoners confined therein.

69. The conduct of the prisoners was satisfactory and no complaint of the breach of the Jail rules or want of discipline were received. Attached to the General Jail is a small factory for the weaving of carpets and *niwar* but it progresses slowly as the local demand for Jail made articles is small. Only cloth for the use of convicts and durries for the use of the State were manufactured during the year.

70. The small garden attached to the Jail supplied fresh vegetables for the convicts and was worked by them.

71. The Lithographic press in the Jail continued to do good and useful work.

72. The Appendices XIV and XV give information about Registration work. The fees realised during the year under report amounted to Rs. 333-13-6 and the documents registered numbered 195, the value of property being Rs. 1,06,228-2-0.

Registration

73. The Municipalities in the Sirohi State remained the same as in the past year. The receipts of those at Aburoad and Sheoganj, which are managed by the local State Officials with the advice of the Sub-Assistant Surgeons, amounted, during the current year to Rs. 1,731-7-3 against Rs. 1,381-4-0 in 1913-14, while the expenditure was Rs. 2,013-11-9 against Rs. 1,940-13-3 last year. Rs. 234-0-0 were paid on account of conservancy charges at Sirohi; and Rs. 8000/- were paid as the State's contribution to the Municipal funds at Abu. Vide Appendix XVI.

Municipalities.

74. In all, 96 Revenue Cases relating to Kapurbab, Kholabab, Sagpanbab and the succession of Jagirdars were disposed of during the year under report, against 59 in 1913-14.

Revenue Cases.

Chapter V.

Production and Distribution.

75. The prescribed statement of rainfall at Sirohi and Sheoganj is attached as Appendix XVII.

76. At Sirohi, the total rainfall was 11 Inches 61 Cents against 18 Inches 36 Cents last year; while at Sheoganj it was 14 inches 72 Cents against 19 Inches 51 Cents last year.

77. Appendix XVII will show moreover that the monsoon was a complete failure. No grass could grow and the autumn crops were not sown at all. The State was faced with a dire famine but the September-October rains however, changed the whole aspect of the situation and averted the much dreaded catastrophe. Though this rain also was not evenly distributed throughout the whole State, still the Paragnas of Bhakar, Santpur, Rohera and Pindwara were fortunate enough to get good rain for some time and grass could be had in the hills, which afforded great relief to the people and also to the State. But it was with much difficulty and at great expense of carriage that the State managed to bring grass to the several depots that were established, and thence it was taken to the State Stables. Notwithstanding the failure of the monsoon, the wells retained sufficient water and the people of the Western Paraganas mostly saved their plough cattle by growing *Chari* thereon. The October rains were very beneficial and gave hopes of a fair Rabi Crop if all went well.

78. The prices of the food stuffs have been unusually high (owing to the War) as also on account of the failure of the monsoon.

79. The wages of labour have been rising for some years past and the high prices of food grains have led to a still further rise.

80. The usual Statement of Public Works is attached as Appendix XIX, the total cost being Rs. 1,01,156—3—6 against Rs. 84,285—9—3 last year.

81. Rs. 14,298—9—3 were subscribed by Bohras and from funds of the temple of Shri Sarneshwarji, under the prevailing Bohargat system, for sinking and repairing wells for irrigation purposes.

Excise Department.

83. The Central Distillery and still—head duty system continued to make steady and satisfactory progress. For purposes of the Excise administration the whole State is divided into four circles viz. Sirohi, Abu-road, Pindwara and Reodar. At the first two places the Distilleries are situated, while at the last two places there are only Depots. The liquor, after being manufactured in the State Distilleries, is issued, on payment of the cost price and duty, to the licensed vendors for sale and is sent in sealed casks to the Depots whence it is also sold to the licensees of the remote Paraganas who cannot come to the Central distilleries.

84. The rates of duties and the selling prices of liquor of different qualities and strength have remained the same as in the past year, and no enhancement on account of the high prices of Mohuwa flowers and other articles of production was effected during the year under report.

85. The Number of licensed vendors during the year was 75 as aginst 79 in the past year. The arrangements with the Jagirdars remained the same and continued to work satisfactorily.

86. The total quantity of Mohuwa flowers used for distillation of liquor was 10,540 maunds against 8,962 maunds in the past year, to which a small quantity of molasses and grapes was added. The liquor distilled from these, when reduced to 60 U. P., was 98,542 gallons, against 84,827 gallons last year.

87. The total consumption of country liquor reduced to 60 U. P., amounted to 88,972 gallons during the year under report.

(3) Miscellaneous (including Mohuwa sold to Jagirdars)	„	1,517-3-4
... Total		1,50,643-14-1

89. The total receipts therefore are Rs: 1,50,643-14-1 against Rs. 1,40,627-8-6 in the previous year; or, an increase of Rs: 10,016-5-7 over the receipts of the past year.

94. The total receipts under this head were as under :—

1. Sale receipts (net)	Rs: 7,850-8-7
2. License fees	,, 979-0-0
3. Miscellaneous	,, 160-1-9
Total	8,989-10-4

as against Rs: 8006-15-6 in the previous year. There were 16 shops of Hemp Drugs and 84 of opium against 17 and 110 respectively in the past year.

95. The total receipts of the Excise Revenue from all sources amounted to Rs. 1,63,263-13-11 against Rs. 1,51,966-9-0 in the previous year, or an increase of Rs. 11,297-4-0 over the receipts of the past year. The total expenditure consisted of the cost of working the distilleries, the repairs to the distillery plant, the establishment charges and the payment to Jagirdars etc, and amounted to Rs. 59,965-7-10 against Rs. 40,224-0-7 in the past year. The net revenue therefore from Excise during the year under report was only Rs. 1,03,298-6-1 against Rs. 1,11,742-8-5 last year.

96. No cases of the breach of the Excise Rules was detected during the year under report. The case that remained over last year pending enquiry was disposed of during the year.

Customs Department.

97. The Customs Department remained as hereto fore under the supervision of Pandit Mansaram Sukul who was also Superintendent of the Excise Department.

98. The arrangements for the collection of the Customs duties remained unaltered. No change was made in the Tarriff during the year under report.

99. The total receipts from all sources after allowing for remissions and refunds amounted to Rs. 1,97,327-4-0 against Rs. 160,558-8-9 in the previous year. The total cost of the Department including payments to Jagirdars amounted to Rs. 33,480 against Rs. 23,525 last year. The customs Revenue collected during the year under report was the highest on record for some years past.

Forest Department.

100. There is no regularly constituted Forest in this State. The receipts are mainly confined to duties on wood cut for building purposes, fuel, royalty on stone, kanker etc.

101. The forests of half of the State were given in charge of two officers Mr. Achalsingh and Mr. Nagarji but so far little progress is made by them with regard to the conservation and regular constitution of the forests.

102. The total receipts under this head during the year under report amounted to Rs. 29,856-8-2 against 27,264-9-1 last year.

103. The total cost of the Department was Rs. 9,992-13-10 against Rs. 9,792-11-0 of last year.

104. Though the prices were high all round owing to the War, the trade was much better this year as the Customs receipts amply show. The most important centres of trade are Aburoad and Sheoganj.

105. The Sugar Fectory at Aburoad did not appear to be working at all.

Chapter VI.

Revenue and Finance.

106. The total receipts from all sources of Revenue, during the year under report, amounted to Rs. 8,21,371-2-6 (including Rs. 36,016-5-5 for the opening balance of the year) against Rs. 7,07,466-7-7 in the past year.

107. These figures speak for themselves as to the financial condition of the State which has undergone a vast improvement year by year, and the total income of the State has steadily risen from Rs. 4,84,682 in 1907-1908 to Rs. 8,21,371 during the year under report. With such prosperous and improved finances the State has been able to clear off almost all its debts, execute important Public Works and meet large unforeseen expenses.

108. The total disbursement amounted to Rs. 7,85775-15-2 against Rs.6,71,450-2-2 during past year. The closing balance at the end of the year was Rs. 35,595-3-4.

109. The budgetted expenditure for the year under report was Rs. 5,67,730 but the actual expenditure has exceeded by more than two lacs of

rupees on account of special and extraordinary expenditure under several heads as will appear from the Appendix attached to the report.

110. On account of the peculiar conditions prevailing in Sirohi State due to unrest among Jagirdars the annual expenditure on Army and Police has gone upto Rs. 1,16,329 from Rs. 57,432 in 1907-08; similarly under the head Administration it has doubled as compared with that in 1907-08; but under this head is included this year a sum of Rs. 28,939/-in connection with the Settlement Operations which consisted of the Sirohi share of the pay & privilege leave allowance of the Settlement Officer for five months and expenses of the Staff engaged for the fairing of the Settlement Records. The increased expenditure in the Revenue Department is also responsible for a large share of the increase under this head. More than lac of rupees were spent on Public Works during the year under report.

111. Appendix XXII will show the receipts and disbursements under several heads during the year under report.

Debt.

112. The outstanding liabilities of the State, at the commencement of the year were Rs. 1,12,736-6-1. To this may be added the sum of Rs. 9,849-8-6 for interest bringing the total to Rs. 1,22,582-14-7.

113. Out of this, a sum of Rs. 10,214-6-9 was paid during the year under report, towards the liquidation of the debt; thus the actual liabilities of the State, at the end of the year, amounted to Rs. 1,12,369-7-10.

114. It may be pointed out, however, that all this sum was borrowed many years ago from the funds of the temple of Shri Sharneshwarji and other religious institutions and invested in work of public utility such as the construction of the Jubilee Tank and the new Tank at Sirohi and for the sinking of wells for irrigation purposes. The annual yield from these tanks and wells, in the form of cultivation, goes towards the recoupment (with interest at three per cent) of the various balances thus utilised and invested. The above sum therefore, does not strictly speaking, form a liability due by the State.

115. The remainder of the debt due to the Government for the loan granted to the State during the Famine year 1900-1901 was paid up in the past year, and now there is no other liability of the State Banker or any other Bank to be cleared off. The State is now free from Debt.

Chapter VII.

Medical Relief.

116. The usual statement showing the Medical relief granted at the two Dispensaries at Sirohi and Sheoganj is attached as Appendix XXIII There are two qualified Sub-Assistant Surgeons incharge of the two institu-

tions. Besides the above, the State maintains a Sub-Assistant Surgeon at the Palace Dispensary and keeps one relieving Sub-Assistant Surgeon.

117. It will appear from the statement appended that the total number of patients treated in both the Dispensaries was 17,462 against 16,351 last year showing an increase of 911; of these, only 96 were indoor patients.

118. The total cost of the two Dispensaries at Sirohi and Sheoganj together with the cost of maintaining the Vaccinators amounted to Rs. 4,641-11-0 against 4,386-7-11 last year.

119. The total cost of the maintenance of the Palace Dispensary was Rs. 1,962-12-6.

120. Thus the total cost of the Medical Department to the State was Rs. 6,604-6-6 against 6,352-0-11 last year.

121. The information about births and deaths is given in Appendix XXIV.

122. There was no plague or any other epidemic in the whole of the State during the year under report.

Chapter VIII.

Education.

123. There is only one School called the Darbar School Sirohi where boys receive education upto Middle Class.

124. It was long under contemplation of the Darbar to provide a suitable building in a healthy locality for the School. It was therefore ordered some three years ago that the work of the construction of the School building be started immediately but for some unavoidable reasons the work went on slowly but thanks to the keen interest taken by His Highness that an imposing building according to modern requirements is complete in every respect and the Hon'ble Sir Elliot Colvin K. C. S. I. the Agent to the Governor General for Rajputana was requested to perform the opening ceremony of the School and he has kindly consented to do so in the 2nd week of November 1915. When opened the School will be called the Colvin High School.

125. Mr. Khemchand Singhi M. A. was asked to reorganise the School staff and an adequate and efficient staff of teachers was sanctioned, nearly all the teachers joined at the end of the year. The total expenditure sanctioned for the School is Rs. 3800 rising to Rs. 4500 in four years.

126. An additional favour and with a view to encourage the spread of education among the backward people here, the Darbar have ordered that no tution fees will be charged from the Scholars provisionally for a year.

127. Mr. Tekchand Singhi B. A. was appointed Head Master of the Colvin High School on 1st October 1915.

128 As there are no students at present for the Matric Class one graduate teacher has not been engaged yet which the Darbar have sanctioned for the second Mastership. As soon as boys are forthcoming to go up for the Matriculation Examination arrangements will be made for the affiliation of this institution to the University of Allahabad for the Matriculation Standard.

129. The number of students on roll at the end of the year was 70, with a daily average attendance of 35,6 throughout the year, this is due to the cause that for a greater part of the year there was no Head Master. The total cost of the Department was Rs 1,349-4-6 against Rs 2,085-12-0 in past year

Chapter IX.

Miscellaneous.

130. The Government Postal and Telegraph service in the State remained unaltered and worked satisfactorily.

131. There is no mint in the State, the Government Currency being in circulation.

132. The State is much indebted to the Hon'ble Sir Elliot Colvin K. C. S. I. the Agent to the Governor General, in Rajputana and to Lt. Col. C. J Windham C. I. E., the Resident Western Rajputana States for the valuable and timely advice given by them from time to time what were often difficult situations.

His Highness Maharaja Dhiraj Maharao Sahib Bahadur, who has a practical experience and thorough knowledge of the State and its affairs, continued to give his valuable advice and help in State matters and thus greatly helped in the successful Administration of the State and the general happy results achieved.
